

# GAME PLAY

My dad and I both like playing computer games.  
Sometimes, when my mum's away, we play games ALL DAY.

My friends Lewis and Carol come  
round after school to play games  
sometimes.

Their mum is the same  
as my mum. She says:

'Why would you play a  
computer game when you can:

**READ A BOOK**  
**WRITE A POEM**  
**PAINT A PICTURE?**
